

Specifications of AN0445M05

Being made of stainless steel, this antenna features good elasticity and age resistance. Its base comes with three types: Magnetic, Clip and Hole.

Frequency Range	435-455MHz
Bandwidth (Mhz)	20
Connector Type	UHF
Gain (dBi)	3.5
Type	TQC-400FCS
Mount Type	UHF
Dimensions	0.4m
Cable Length	3m
